Objective

Aspiring Data Analyst pursuing a B.Tech in Information Technology, passionate about uncovering insights from data using Excel, SQL, Python, and Tableau. Eager to apply project experience in real-world settings to drive data-driven decisions.

Education

B.Tech in Information Technology

Keshav Memorial Institute of Technology, Hyderabad (2022–2026)

Relevant Coursework: Data Analysis, Statistics, Database Management

Skills

- Excel (Pivot Tables, Charts, Functions)
- SQL (MySQL, Queries)
- Python (Pandas, Matplotlib, Seaborn)
- R, Tableau, Power BI
- MySQL Workbench, Jupyter Notebooks
- Problem-Solving, Communication
- Data Visualization, Statistical Analysis

Projects

- **IMDB Movie Analysis** – Analyzed movie data using Excel functions and charts.

- **Instagram User Analytics** – SQL-based insights for user behavior.

- **Customer Churn Analysis** – Built a Tableau dashboard for retention strategies.

- **World Alcohol Consumption** – Data exploration and visualization with Python.

Certifications

- **AI & Automation in MS Excel** – View Certificate

- **AI Dashboards using Microsoft Power BI** – View Certificate

- **SQL (Intermediate) Certificate** – View Certificate

Additional Information

Engaged in various academic projects and passionate about applying machine learning and visualization techniques in data analysis.
